

Membership Requirements

1. Is applicant a United States owned, organized and controlled entity?

Note: If answered No, DATC will require additional information as necessary.

Yes No

2. Applicant represents that it is eligible to contract with the United State Government, i.e., Applicant is not debarred or suspended but the United States Government.

Yes No

3. Applicant's capabilities in making a technical contribution to advancements in the automotive technologies; (check all technology areas that apply):

- Automotive Cyber Security:** Offensive and defensive technologies designed to protect a connected, autonomous, or vehicle network from outside threats or hacks.
- Vehicle Safety Technologies:** Advanced technologies and vehicle system/subsystems designed to minimize occurrences and consequences associated with collisions, rollovers, and explosions.
- Vehicle Light Weighting:** The concept of designing vehicles that are lighter in weight in order to achieve better fuel efficiency, transportability, and handling.
- Autonomous Vehicles and Intelligent Systems:** Technologies associated with a self-driving or robotic vehicle that is capable of sensing its environment and navigating without human input.
- Connected Vehicles:** Vehicles that are equipped with internet or network access wired or wirelessly. These technologies allow the vehicle to share information about itself, other platforms it is connected to, or allows the vehicle to become an access point to a network for other devices.
- Advanced Energy Storage Technologies:** The concept of converting electricity into energy, storing it, and then converting it back into usable electricity at a later time.
- Propulsion Technologies:** Technologies designed to increase prime power, reduce fuel consumption, increase vehicle agility and increase electrical power.
- Active Suspension Technologies:** Technologies relating to flexible weight management systems, multi-station steering, adjustable load handling, adjustable ride height control, adjustable approach angle capability, improved clearance, overhead obstruction and collision avoidance.

4. Provide a brief description and nature of Applicant's business as it may apply to research and development of automotive technologies.

Applicant Information

- 1. Applicant Legal Corporate/Organization Name: (As it appears on the legal records of incorporation)**
- 2. DUNS:** **CAGE Code:**
FEIN:
- 3. Is Applicant currently a "Non-traditional Defense Contractor?":**
Note: "Non-traditional Defense Contractor" means an entity that is not currently performing and has not performed, for at least the one-year period preceding the solicitation of sources by the Department of Defense for the procurement or transaction, any contract or subcontract for the Department of Defense that is subject to full coverage under the cost accounting standards prescribed pursuant to section 1502 of title 41 and the regulations implementing such section.
Yes No
- 4. Is Applicant currently a Defense Contractor?**
Yes No
- 5. Applicant is a (check all that apply):**
 Parent Corporation Academic Institution
 Subsidiary Not-for-Profit/Non-Profit
 Division Small Business
- 6. Number of Employees:**
 0 – 49
 50 – 499
 500 – 999
 1,000 – 4,999
 5,000 or more
- 7. Address of Applicant's Principal Office:**
Street Address

City State Zip Country

Authorization

This Membership Application is made by the signing organization (“Applicant”) to the Defense Automotive Technologies Consortium (DATC), effective as the date of signing by the Applicant.

The Applicant hereby applies for membership in DATC. Applicant agrees that it will review the Consortium Member Agreement and Other Transaction Agreement OTA W56HZV-16-9-001. Applicant understands that it will become a DATC Member upon approval by DATC management and upon receipt of signed Consortium Member Agreement.

1. Applicant, by signing this Application, represents that the information herein is complete, and statement of Applicant’s organization and its qualifications for DATC membership is accurate. Applicant will disclose immediately to DATC any changes affecting Applicant’s representation that may affect membership.
2. Applicant agrees that DATC management has the sole discretion to accept or reject the Application based on DATC management’s determination of whether the Applicant does or does not meet DATC membership requirements. The DATC Executive Director will notify Applicant within a reasonable timeframe regarding the status of the Applicant’s request for membership and, if Applicant is rejected for membership, the reason for rejection.
3. The Applicant will hold in confidence the DATC Consortium Member Agreement and Other Transaction Agreement OTA W56HZV-16-9-001 it receives from DATC for a term of 3 years upon submission of the Member Application, but shall not apply to information (i) which is already in the possession of the Applicant or was known to it at the time of receipt from DATC; (ii) which is now or becomes publicly known through no fault of the Applicant; (iii) which the Applicant rightfully receives from third parties, or (iv) which is approved for use or release by written authorization of DATC.
